JOINT ADMISSION EXERCISE (JAE) BRIEFING

JOINT ADMISSION EXERCISE (JAE)

3 Key Points

1. Consider your course choices wisely
2. Make full use of all 12 choices
3. All appeals are unlikely to be considered if you do not meet this year's Cut Off Point (COP)

1. Consider your course choices wisely

Course	Calculation of Net Score
JC	L1R5
MI	L1R4
Poly	ELR2B2
ITE	ELB4/ELR1B3/ELR2B2

Consider courses with COPs **comparable**
to your **aggregate score**

2026 JAE Courses pdf

1. Consider your course choices wisely

JC Admission Criteria:

- a. L1R5 gross aggregate score must not exceed **20**.
- b. Must meet grade requirements for specific subjects.

Subject	Grade
English Language	A1-C6
Mathematics (Elementary/Additional)	A1-D7
Mother Tongue Language (MTL), such as Chinese Language, Malay Language or Tamil Language or Mother Tongue Language-in-lieu (MTL- in-lieu), such as Bengali, Gujarati, Hindi, Punjabi, Urdu, French, German, Japanese, Arabic, Burmese, Thai.	<ul style="list-style-type: none">•A1-D7•A1-E8 for Higher MTL*•Merit or Pass for 'B' Syllabus* <p>*Note: There is no Higher level or 'B' Syllabus for MTL-in-lieu.</p>

1. Consider your course choices wisely

Polytechnic Admission Criteria:

- a. Achieve Net ELR2B2 score of **26** points or better for GCE O-Level examinations; and
- b. Meet Minimum Entry Requirements for chosen polytechnic course

2. Make full use of all 12 choices

- **Avoid risk** of being posted to a course with remaining vacancies after all other students are given their registered choices
- Choose **at least 2-3 courses** where your **aggregate score is much better** than the previous year's course COP to stand a better chance of admission

3. All appeals are unlikely to be considered if you do not meet this year's COP

Exception: consideration given to students with serious medical condition or special needs

Key Pointers!

Keen competition for Polytechnic and Higher Nitec courses, so use all 12 choices wisely!

For students with ELR2B2 between 22 – 28, do consider some Higher Nitec courses of interest to maximise your opportunities.

If you are offered a course, accept it first before appealing for another course you may be more interested in!

IF there is a need for appeals, maximise your 6 choices wisely, looking at the cut-off aggregates.

Release of the O-Level Results

Think about:

- What are my strengths and interests?
- What types of jobs am I interested in?
- What are the courses that I can take to prepare for these jobs?

For example, if your interest is in service (e.g. helping others), you could consider a career in the hospitality sector.

Some of the courses that you can take to get started in the hospitality sector are:

- Nitec in Hospitality Operations (ITE)
- Higher Nitec in Hospitality Operations (ITE)
- Diploma in Hospitality & Tourism Management (NYP and TP)
- Diploma in Hotel & Hospitality Management (RP)

Think about:

- What are the different types of courses and institutions I can apply for?
- How can I make the best use of my 12 choices?
- What happens if I do not receive a posting?

To make the best use of your 12 JAE/JIE 'O' choices, be sure to find out more on subject-specific minimum entry requirements (MERs) and last aggregate score (if available).

For more information on polytechnic and 2-year *Higher Nitec* courses, you can refer to the CourseFinder on MOE's website (<https://www.moe.gov.sg/coursefinder>). For more information on 2-year *Nitec* or the 3-year *Higher Nitec* courses, you can refer to the JIE 'O' Admission Booklet.

At the end of JAE, if you do not receive a posting, you can still appeal for one through the JAE Appeals website. You may also be given an alternative option, which is not one of your choices, and we encourage you to consider this option carefully while you are appealing for other courses through the JAE appeals.

Making the Right Choices

Think about:

- How should I make the best use of my 6 JAE Appeals choices?
- What should I do if I am undecided over what courses to choose?

Think about:

- How do I know the outcome of my appeal?
- Can I still appeal for other courses after the JAE appeals?

Concerned about your next steps?

Stop

- Calm yourself down. Take a few deep breaths.

Think

- Think through the different options that are available for you. Keep things in perspective.
- Remember that the O-Level is one part of your life journey and not the destination.

Do

- Approach a trusted adult and seek his/her help. Have a conversation with this person about what would be best for you.
- Make a decision and take action based on your options.

When you receive your results, you may experience a range of emotions.

Managing these emotions well will allow you to stay calm and make rational decisions.

Reaching out for help is a sign of strength, not weakness.

If you have any questions about your options or are not coping well, do reach out to someone you trust and speak with them. It could be a parent/guardian, teacher, ECG Counsellor, School Counsellor or a friend that you can talk to.
